

IRDR

Integrated Research on Disaster Risk

Co-Sponsors

International
Science Council

UNDRR

Donor

TOWARDS INCLUSIVE, SAFE AND SUSTAINABLE DEVELOPMENT

Research Priorities

Objectives

1. Improve knowledge and understanding of risk and uncertainty that hamper progress toward inclusive, safe and sustainable development.

2. Promote innovation in research and action, and explore effective solutions in DRR.

3. Build institutional capacity required under various socio-economic and cultural settings and development contexts for risk-informed sustainable development.

The IRDR Community

Coordination, oversight and institutional support by
Co-Sponsors, Donor and Host

Scientific and policy guidance by
Scientific Committee (SC)

Programme Operation and Reporting
International Programme Office (IPO)

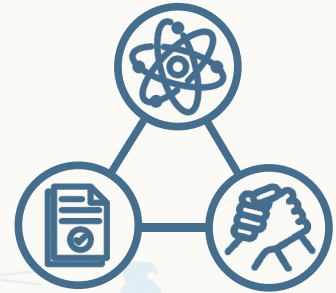

What We Provide

1. Serving as an international hub of centres of excellence for risk research and capacity building

2. Coordinating the international research and cooperation

3. Working at the science - policy - practice interface
